#### **Spending :**

Government funding for schools in Gloucestershire is very low, therefore, a good fundraising committee run by the parents for the school is vital. As always, the money raised by FOOHS is important to all the children at the school and we made a commitment, last year, to continue to fund essentials needed by Oak Hill School.

We are delighted to have supported the school with the purchase of a new Interactive White Board for the KS1 base which will enhance the teaching opportunities and learning for the children in those important first years at school.

We have also had a request from the school for our support with essential resources across the whole school. As a committee we have agreed to fund this for the benefit of all children in the school. However this is a sizeable amount of money and we must make you all aware that this will use the funds that we have been building over the past few years. Therefore, support of FOOHS and fund raising in the future will be more important than ever to continue to fund curriculum enhancing experiences and fun social activities.
