

Georgeham by Lottie

When I woke up I was nervous but I was also SOOOO thrilled. I was going to Georgeham. My mum grabbed my bag and drove me to school. My friends were all just as excited as I was. Before we got on the coach, we took some group photos. After that, we got on the coach. A four-hour ride felt like 5 minutes.

Once we got there we were introduced to our three main instructors: Kitt, Jake and Patrick. They talked about everything we were doing that week and all the safety drills. As they finished talking we got on the coach and went to the beach where we learned about a ship that got stuck on the shore. We were all elated to be there. We played some really fun games like swim fishy swim and afterwards we had some free time on the beach either digging or playing a game or whatever. Soon we went back and ate one of the most delicious dinners ever.

After the sun started to set we went on our night walk. It was pouring down with rain but we had fun anyway. Just before we went to sleep, we got our books and read with a hot chocolate and a biscuit.

The next day we were woken up by Ms Attwood. I was so excited for my first official day in Georgeham. We got dressed and tidied our room ready for room inspections then we headed downstairs for our breakfast.

Within an hours' time we were all ready at the place where we'd be doing abseiling. I was horrified. I knew there was nothing to worry about so I gave it a go. I loved it I wanted to do it again and again but I let everyone else have a go. I was so proud of myself. As a reward I got a chocolate hobnob. Soon it was time to go back to SGH (Saint Georges House).

About half an hour later we were all sitting down eating our scrummy lunch and it wouldn't be long until we would be on our way to the lake for kayaking and canoeing. Kayaking was really fun. We played a game called sharks and minnows and I was a shark. DUN DUN DUN. We were all having a great time but then Betsy turned a bit too hard and toppled into the lake. She was ok though. Afterwards we played a game called catch the ball. Kayakers' vs the Canoers. The canoers won. Sadly,

we had to get out, I crashed into a tree so as I tried to push myself out the tree I toppled the boat over and I fell in, losing my shoe. Thankfully Jake and Kitt were still in the water so Kitt got my shoe and Jake pulled me back to the land.

Once we got back, we all had nice warm showers and a super scrumptious meal. At dusk we went into the coach house and played a really fun game called my chair. I was the person without a chair a lot, But that was okay because I had loads of fun. The same as the night before we got a biscuit, a book, a hot chocolate and we read whilst we settled down.

The next day was our day walk. In the morning we put on warm clothes and packed our lunches and then we set off. There were beautiful views and spectacular sights. We were even lucky enough to see some soft silky seals basking in the sun. At the end of our walk, Ms, Attwood got us all ice cream then we had the last bit of our walk along the beach. We even got to go in the ocean.

We had a spectacular dinner and in the evening once the sun had set we went out in the playground with our torches and played hide and

seek (Ellie was really good).

We all went to sleep ready for our last day of activities. Like always we woke up, got dressed and cleaned up the girls dorm. Today the year 6s were going mountain biking .It was really bumpy and Henry's tire went out countless times. It was still really fun.

In the afternoon we went surfing. It was so fun and i even managed to stand up. Only 2 people could surf at a time so whilst we were waiting our turn we just played in the ocean. It was really fun but there was a giant wave that took everybody out. It went in my throat and it really hurt but after some water and a biscuit i felt so much better. We went back to SGH for BFG (big friendly get together).We played lots of games and then had the gift shop. Just before we went to sleep we read our books and had our last biscuit and hot chocolate in Georgeham before we went to sleep.

On Friday, we cleaned the whole house and said our goodbyes and thank you to the instructors and then we went home on the bus.
