1 POINT PIECES

Piece 1 - PSHE

Think of a time when you have faced a dispute or disagreement. Think about how you have come to a resolution and what the consequences were. Could you have chosen a different resolution? How would that have changed your outcomes?

Piece 2 - Art

Research a piece of art where there is someone or something showing movement, emotions or depth. Re-create this using your choice of media.

Piece 3 - RE

Find out about a Hindu God. Create a fact page about it.

Learn- Grow- Flourish

Name:

Redwood Autumn term homework 2025

All homework will be due in on Monday 15th December
Points will also be added for daily reading at home - make sure it is recorded in the reading record please.

Homework Showcase afternoon will be held on 17.12.25 at 9:00am.

Don't forget to check the homework draw for useful resources

Homework is a learning tool which allows us to take our passion for learning outside of the classroom. It helps us retain the information we learn better and is a way for us to show our uniqueness and creativity.

2 POINT PIECES

Piece 4 - PSHE

Draw a picture of yourself. Label the things that make you, you! Think about your looks, but also your interests and the things you are good at. How are you *individual and unique*?

Piece 5 - Geography

Research another country (one you have visited or would like to). Think about how it is different or the same to your home. What would be the pros/cons to moving to that country? How would your life be different? Present your thoughts and findings in any way you choose.

Piece 6 - History

Create your own census to ask a group of people you know. Create a table or graph to show some of the data you have collected.

3 POINT PIECES

Piece 7 - Science

Grow your own rock-candy crystals. https://www.sciencebuddies.org/stem-activities/rock-candy?from=Blog

Piece 8 - Physical Education

Research a cricketer, gymnast or dodgeball player. What achievements have they had in their career? Create an information page about that sports-person.

Piece 9 - Design and Technology

Play some simple electronic games. Think about how they work. Draw a simple diagram of a circuit for the game you have chosen.

4 Point pieces

Piece 10 - STEM

Complete a STEM experiment of your choice about mixtures, and/or changes of state. Record what you did, what you observed, and why you think it happened.

Piece 11 - Science

Make a mixture of water and at least one other substance. Make a plan to clean the water as much as possible. Carry out your plan - did it work? Can you improve it?
